Research shows...

Education research supports the general idea that students do better in school when parents are involved in their education”

(What Kind of Parent Involvement Matters Most?, 2017, p.8).

Our goal

To better support our students and JRMS community:

Open communication lines

Support teachers

Include parent feedback

So that 75% or more of parents will indicate they feel they have a voice in our school.

Communication Preference Survey

During Student Led Conferences we are asking all parents to answer three short questions about communication.

- Computers will be set up in the main lobby
- Parents can complete the survey either before or after their conference
